

Technical drawing of a road improvement project for National Route 140. The drawing shows a plan view of the road with various construction details. Key features include:

- Road layout with lane markings and center lines.
- Construction details for retaining walls (擁壁) and waterways (水路).
- Elevation points (e.g., 246.00, 247.00) and stationing (e.g., 1+100, 1+200).
- Labels for specific construction items like '舗装版撤去' (Remove paving slab), '擁壁(2)' (Retaining wall 2), and '水路(1)' (Waterway 1).
- A legend box in the upper right corner detailing construction specifications.
- A scale bar at the bottom left indicating 0, 10, 20, 30, 40, 50, 60, 70, 80, 90, 100 meters.
